

Welcome Dale Fagre!

The Avinity Board of Directors is excited to announce the selection of Dale Fagre, the next Chief Executive Officer of Avinity. Dale comes to this organization with many years of experience. His personal journey with senior care began in 1995 when he helped care for his father in home hospice and eventually on a hospice floor at Methodist Hospital. He also helped care in-home for his mother who had memory loss, visiting her almost every day when she moved to a hospice care program.

Dale is a seasoned nonprofit and business executive. His background includes leadership in both small and large nonprofits, a high technology business start-up and global insurance and financial services firms. He has been highly successful in building personable, long-lasting and profitable donor and constituent relationships. Dale has a strong background in faith-based leadership and growing an organization through campaigns, donor development, marketing and strategic networking. Dale's most recent positions have been in donor development, fundraising, marketing and communications in health care. He has a Master's in Leadership and Management from Concordia University.

Dale joined the team at Avinity on June 2nd! He says, "I am humbled and thrilled to have begun my service at Avinity. With 44 years of service in our community, this exceptional faith-based organization is both inspired by God's love and designed to nurture a youthful spirit. What a great combination! I look forward to getting to know and working with the compassionate Avinity staff who are committed to serving seniors with dignity and respect, while supporting and caring for them so they can live happier, more active and fulfilling lives."

Please join us in welcoming Dale Fagre to Avinity. We look forward to Dale's leadership as he continues to move the organization forward in these exciting and challenging times of doing what we here at Avinity love best – creating communities for older adults that nurture body, soul and spirit!
